

Pigabilities

Although the Saturdays in March and April were no good for training due to cold, snow and rain, we carried on with our commitment to be healthy and active. CRS Walking Team showed up on race day with spirit and spunk and no drizzle was going to slow us down as we jogged, rolled or walked the last mile of the Flying Pig Marathon course. The crowds lining the finish line cheering us on gave us that final push. Three cheers to all the athletes! Wear your medals proudly!

Welcome Joey, Mary & Mike!

On the Road Again ...
 Nothing like a guys road trip to Music City. We soaked up some Southern Hospitality, great music, delicious food and plain old fun with our friends. At the Grand Ole Opry we had an exciting evening of entertainment. When Charlie Daniels played his fiddle and started singing "The Devil Went Down to Georgia" Stew almost jumped out of his seat, slapping his knee, and clapping to the music. We lived it up a little on the General Jackson Showboat luncheon cruise with toe-tapping entertainment and beautiful scenery as we rolled down the river. Even at dinner, we heard up-and-coming artists. To our surprise, our waiter grabbed the microphone and began singing. At the Musicians Hall of Fame, we jammed in the interactive museum on keyboards, drums and guitars. We could feel what it was like at a recording studio. Sightseeing included Centennial Park and the Parthenon. And just for some old fashion fun, we jumped into go-carts and found our need for speed! We ended each day with the choice of relaxing in the hotel room or the pool.

Farewell Mother of Mercy High School

Mercy High School students invited us to celebrate Cinco de Mayo. There were games, crafts, and lots of laughter with the pinata. We bid a fond farewell to Mother of Mercy High School as it closes its doors after this school year. Mercy will merge with McAuley next year. We are so grateful for the kindness, collaboration, and leadership Bob Bonnici has shown. Through Prayer and Pizza, holiday parties, and inviting CRS to basketball games, Bob has provided the students and all at CRS the opportunity to engage and socialize with each other. **We are all better people because of it.** Thanks Bob!

My Hero

One afternoon, on the bus ride home, Cindy suffered a medical emergency. The bus driver called 911 and Cindy's home. Senayt quickly got the other residents in the van and was at the scene within minutes. When she arrived, Cindy was unconscious and paramedics were having trouble administering her needed medicine. Senayt pulled Cindy onto her lap, rocked her softly, assured Cindy that she was ok, and gave her the medicine. Cindy came around. The next day, Cindy described that she felt strange, not good and she was scared. She couldn't see but could hear. She remembers someone holding her and whispering to her. Cindy said when she could see again it was Senayt. **"She made me feel safe."**
